

1. The Connected Strategist operates with Future of Work tools: A Visual Management System (MindJet) and a social business platform (Podio).

2. The Big Picture - InnovoGraph has generated a variety of subject matter map templates.

3. Social business engagement - InnovoGraph has developed apps that enhance strategy with a bias towards innovation and that add context to tasks.

Add a Podio workspace link to MindJet. In OSI creating strategy--searching, doing, learning, and modifying key activities--associated with innovation and the capture of profits is dynamic and coherent.
